Student Handout **Beginner**

Causes of Pollution

Materials

- posterboard
- crayons, markers
- poster or tempera paint
- water (if you are using paint)

Instructions

1. Brainstorm how you want your poster/project to look. Who will be your main audience? Take notes below:

2. With a half sheet of posterboard (or your technology device), create your campaign with paint, markers, and crayons.

3. Display your campaign within the program.
